Partelana from W.L. Gore & Associates is highly insulating fleece lining made of 80% wool/20% hydrophobic (non-absorbent) synthetic fabric.

DETAILS THAT MATTER

RUBBER + TEXTILES = G3

The perfect combination of stability, ergonomics and slip resistance. Through extensive laboratory tests, thorough field tests and our 85+ years of boot building experience, we've developed a sole unit that offers maximum grip and optimum performance.

Embedded loops of texturized fabric placed within the rubber lugs enhance grip on icy terrain.

Soft high-tech rubber blend provides tenacious grip on dry ground.

Rugged top quality rubber blend for outstanding stability and durability.

The large lug pattern sole units follow the natural line of foot motion with a minimum of one lug in contact with the ground at all times during the roll-off motion - thus improving stability on snow and ice.

SAFETY THAT'S OFFICIAL

Laboratory tests, carried out in line with EN standards, have shown that combining different types of rubber with textile materials can increase grip on different terrain underfoot by up to 32%. The stud arrangement follows the natural line of the ergonomic foot motion. A minimum of one stud is in contact at all times during the roll-off motion.

LOWA boots are warranted to be free from defects in workmanship and materials for a period of 12 months from the date of purchase. Your exclusive remedy for break of such warranty is repair or replacement of your LOWA boots at LOWA's discretion. If your LOWA boots need repair or replacement due to defect in workmanship or materials, simply return them to the LOWA dealer where you purchased them. You will need proof of purchase. Make sure that your return request falls within 12 months from the date of purchase.

- See our website at www.lowaboosts.com for directory listing of our dealers and warranty FAQ's. Please note that fit, paint thinner and lawn chemicals void the warranty.
- "Fit" is not covered in the warranty. You do the fitting, not us!

All product weights are based on men's 9 and women's 6.5 (or women's 7 for certain ATC and Trail Running styles). Color and product details subject to change. Actual colors may vary from printed catalog.

To see the entire line of LOWA Outdoor Footwear, please contact your LOWA rep or visit www.lowaboosts.com
