- > Turn right (north) on Portland Av. for one block.
- > American Legion on right side (east side)
- > Take the second driveway

## When you walk through the front door.....

You will see a long bar (surprise!). Go around the bar, heading left toward the stage. You could stop and buy pull tabs or even a drink but continue around the bar toward a hallway and the restrooms. Yes, our showroom is conveniently located next to the Men's restroom.

## Set up in a Legion Hall?

American Legion (and VFW) Posts have been staples in many communities for almost 100 years and are threatened due to demographic changes. Legion posts support programs that help kids by supporting athletic teams, providing college scholarships and sponsoring unique programs like Boys & Girls State. Maybe it's a stretch to compare large hotel chains to big box retailers. Perhaps there is something appealing about the sterile environment but we think of this as *buying local*. Thanks for coming to our setup at American Legion Post 435. Let's have fun!
